5. (Unclassified - RSG) LIAISON Met with James P. Walsh, on the staff of the Senate Commerce, Science and Transportation Committee, to discuss the possibility of providing a briefing to Senator Warren G. Magnuson (D., Wash.) and Senator Ernest F. Hollings (D., S. Car.) on the impact of the 200 mile limit. Mr. Walsh is Director of the National Oceans Policy Study of the Committee. He was amenable to further discussions of his needs with our substantive officers after the July 4 recess. I will schedule a follow up meeting between Mr. Walsh and representatives from the Center for Policy Support, DDI.

6. (Unclassified - LLM) LIAISON Had several conversations during the day with Michael Mauldin, of Representative Trent Lott's (R., Miss.) office, who advised that consideration of H. Res. 656 had been rescheduled for consideration by the House Rules Committee for 2:00 p.m. this afternoon, and later that such consideration had been put off until after the recess. During the course of these conversations, I provided Mauldin with statutory and legislative history ammunition on the point that certain unusually sensitive information is "born classified" including information relating to nuclear matters, communications intelligence, and intelligence sources and methods.

7. (Internal Use Only - LLM) LIAISON Called Bill Miller, Staff Director, Senate Select Committee on Intelligence, to facilitate a session between him and an Agency employee who wants to register certain complaints.

8. (Unclassified - LLM) LIAISON Phil Lacovara, House Committee on Standards of Official Conduct Chief Counsel, called to report that the Committee rules on the handling and treatment of classified information by members and staff of the Committee have been approved and are being implemented, and that Chairman John Flynt (D., Ga.) is now prepared to sign a Memorandum of Understanding with the Director pertaining to the treatment of information to which the Committee is given access. In line with our previous discussions, Lacovara will add a paragraph to the Memorandum of Understanding recognizing that the agreement is without prejudice to the position of the Committee that they have right of access through other means (legal compulsion) and to use information so acquired, accordingly.

10. (Unclassified - LLM) LEGISLATION Called Mike O'Neil, in the office of Representative Edward P. Boland (D., Mass.), and he filled me in on Representative Trent Lott's (R., Miss.) minority views on H. Res. 656 (legislative jurisdictions, inadequacy of security safeguards and the conflict of unclassified reports). Mike O'Neil was not persuaded by the merits of the comments, but asked for feedback on Mr. Lott's concerns. I told him that George Cary would be meeting with Mr. Lott this morning as a result of Mr. Boland's call to Admiral Turner.

11. (Unclassified - LLM) LIAISON Called Bill Miller, Staff Director, Senate Select Committee on Intelligence, and advised him of a request received by NPIC from Jack Hoffman, of the Capitol Page School, for tutorial and lecture assistance in the fields of science, chemistry, and math. He will discuss this with Chairman Daniel Inouye (D., Hawaii) and be back in touch.

12. (Unclassified - LLM) LIAISON Col. Stephen Harrick, DOD, called to provide the scheduling of appearances before the Senate Select Committee on Intelligence on the electronic surveillance legislation.

1. (Unclassified - DFM) LIAISON Called Ray Heider, OA/OSI, and told him the Agency had no objection to the Air Force passing a document containing Agency material to the Senate Select Committee on Intelligence. I had checked with the IC Staff, DDO, and DDI on this. The document is entitled "Soviet Overt Intelligence Collections in the United States". I also suggested that he should check with the FBI and Heider said he already had.

2. (Unclassified - DFM) LIAISON Called Audrey Hatry, Clerk, Senate Select Committee on Intelligence staff, and told her several staff members had never made arrangements to receive new Agency badges and that it appeared the new badge system would be in effect in about a month. I read her the names of those staff members who do have new badges and requested that she and Bill Miller, Staff Director, Senate Select Committee on Intelligence, determine what other staff members needed them and that they encourage them to get new badges made.

3. (Unclassified - DFM) LIAISON Called Bernard Fortman, who handles Senate Select Committee on Intelligence work for the GPO, in response to Audrey Hatry's, Senate Select Committee on Intelligence staff, letter of 15 June. I informed Fortman that [ ] OCR, would be the Agency representative for the Committee to contact regarding "riding the jacket" on GPO publications. STAT

4. (Unclassified - DFM) LIAISON John Elliff, Senate Select Committee on Intelligence staff, called to request another meeting with DDO officials regarding the guidelines he is preparing for Agency reporting to the Committee on activities involving Americans. The meeting was subsequently set up for 1 July at 2:00 p.m. with [ ] AGC/DDO, and [ ] SA/DO/O. STAT

STAT Elliff also mentioned that the Judiciary Committee would be reporting S. 1566, the Electronic Surveillance Bill by mid-July and that the Senate Select Committee on Intelligence wanted to hold hearings beginning 19 July. Elliff asked if the Director could appear 19 or 20 July. Elliff was unsure if a public session would be required and said his own preference would be strictly executive session testimony. I told him the Director had testified in public session on the bill before the Judiciary Committee, and I thought the Agency's preferences would be for a strictly executive session. STAT

5. [REDACTED] LIAISON Talked with Dan Childs, Senate Select Committee on Intelligence staff, regarding S. 1539, the Intelligence Authorization Bill. Childs said no firm strategy plans had been agreed to, but that there was some discussion of trying to get unanimous consent that there be no debate on the bill. Childs said the Committee was concerned that some Senators might ask to go into secret session to discuss the bill, and that the question of an open budget, which the Committee hopes to handle separately, would become inextricably involved in the Authorization bill debate.

7. [REDACTED] LIAISON Received a call from Peg Pokusa, Senate Select Committee on Intelligence staff, who said there had been some last minute changes in Chairman Daniel K. Inouye's (D., Hawaii), Senate Select Committee on Intelligence, speech as CIA guest speaker and asked that I get this word to Audrey Hatry, Clerk, Senate Select Committee on Intelligence staff, who would be attending the speech. Pokusa was concerned that copies of the older version of the speech would be given to the press. I did locate Hatry in the auditorium and passed this message to her.

8. [REDACTED] LIAISON Met with Howard Liebengood, aide to Senator Howard H. Baker (R., Tenn.), and received from him a copy of the proposed bill on computer security, to be introduced by Senator Abraham Ribicoff (D., Conn.). I agreed to get back to Liebengood Monday with Agency views on the legislation.

9. [REDACTED] LIAISON Received a telephone call from Representative Louis Stokes (D., Ohio), Chairman, House Select Committee on Assassinations, requesting delivery of four FBI Summary Investigative Reports on HSCA staffers which the Director of Security was holding for Chairman Stokes. I took them to his office and, at his request, delivered them to Mrs. JoAnn White, his personal secretary.
